## IT DEPENDS UPON ALLIES ATTITUDE

Unofficially Reported Germany Will  
Not Sign if Disposition to  
Modify Terms Isn't Shown

### FINAL PROPOSALS FINISHED

No Indications Pact as Originally  
Drawn Will be Changed—Date  
For Signing to be Fixed

### BULLETIN

(By United Press.)

Paris, May 21.—The time limit for the Germans to present their counter proposals to the peace treaty has been extended one week by the Big Four, it was officially announced this afternoon. The time limit was set for tomorrow but was advanced to May 29 at the request of Foreign Minister Brockdorff.

Paris, May 21.—A report was circulated in French circles today that the Germans may be given an extension of four days to present their counter proposals to the peace terms. The time was to expire tomorrow.

Berlin, May 1.—German counter proposals regarding the peace treaty are completed so far as Berlin is concerned, it was learned from an authoritative source today.

The communications are believed to have been forwarded to Versailles last night. The government is understood to have claimed that these are Germany's uppermost concessions. They are said to have proposed a plebiscite in the eastern province, elimination of French control over the Saar basin and alteration of the provision for taking over Germany's merchant ships.

Fearing serious outbreak in Silesia, the government has dispatched a large force of troops to that district.

Allied treatment of Germany's final counter proposals to the peace treaty, to be submitted tomorrow or Thursday, will determine largely whether the pact will be signed, it was indicated in official circles today.

If the allies show a disposition to modify the terms along the line suggested in German communication, the German delegates will accept them, it was said. If, however, the allies flatly refuse to accept the suggestions as they have all others answered to date, the German must withhold acceptance of the treaty to avert economic and political destruction, according to government attaches.

It is the belief, however, of the working classes, the radical in particular, that they will accept regardless of the conditions.

Every demonstration in protest against the terms has been met by simultaneous counter demonstrations and one huge meeting called to denounce the treaty wound up with an almost unanimous demand for acceptance of the terms.

This is the situation in Germany today. The answer to the riddle, it is stated, will be known before the end of the week.

Paris, May 21.—The time limit for submission of German observations on the peace treaty expires at three o'clock tomorrow afternoon.

After the Big Four complete personal of these last communications, the date will be fixed upon which the Germans must definitely accept or refuse the terms. This will depend upon the nature of the observation.

There have been no indications, however, that the terms will be changed in any way.

The progress of assembling the Austrian treaty has been such that

## NO TRACE OF HAWKER FOUND

Announcement Made in House of  
Commons This Afternoon

(By United Press.)

London, May 21.—The parliament secretary for the admiralty, announced in the house of commons this afternoon that the eight destroyers searching for Harry Hawker and Commander Grieves had found no trace of the missing aviator.

In an official communique, the admiralty warns the public that in view of the vast areas involved, the chances of finding Hawker and Grieves are very remote.

## TO ASK C. I. & W. TO CHANGE TIME FLAGMEN

Council Will Request Hours be Fixed  
So They Can Remain on  
Duty After 6 in Evening

### EMPLOYEES ASK MORE MONEY

The city council last night voted to instruct the city clerk to write the superintendent of the C. I. & W. and request that he arrange for the crossing flagmen in this city to remain on duty until after the two evening trains, which go each way shortly after six o'clock, have passed through the city. At the request of the railroads, the council recently passed an ordinance limiting the hours of flagmen to the time their services were actually needed. Afterwards a new schedule went into effect on the C. I. & W., and the flagmen have not been on duty when they are needed the most, because, under the ordinance they leave their posts at six o'clock.

Charles L. Henry, president of the I. & C., appeared before the council and made a plea for the privilege to use the company's gravel from its pit near Morristown under its tracks in Third street where brick pavement is being laid. He claimed that the city had no jurisdiction over the kind of material the company uses, whereas it is maintained that the company's gravel does not meet the street specifications because it is not washed gravel, and therefore can't be used.

Consideration of petitions of city firemen and policemen for an increase in wages was postponed until a later meeting.

## START OF NC 4 IS DELAYED BY WEATHER

Commander Towers Decides His  
Flagship, NC 3, is in no Con-  
dition to Continue Flight

### HE MAY ACCOMPANY THE NC 4

(By United Press.)

Washington, May 21.—Because of engine trouble, the NC 4 has been forced to postpone her hop-off, expected today, from Ponta Delgada to Lisbon, an early dispatch to the navy department announced.

Admiral Jackson, in a radio said:

"NC 4 will not leave today. One engine in trouble. Not functioning properly."

Commander Towers has decided that his flagship NC 3 is in no condition, after weathering heavy seas for many hours, to finish the journey. It will be shipped back to the United States.

Towers declared that minor casualties were suffered by some of the crew of the ill fated NC 1, which sank at sea, while being brought to port. It was reported that possibly Commander Towers might accompany the NC 4 on the remainder of the journey to Europe.

## THIS WEEK WILL SETTLE THE ISSUE

Will be Determined Whether or Not  
Airplane Will be Purchased by a  
Local Company

### FAIR PROSPECT OF SUCCESS

Former Aviator Points Out it Will  
be to Advantage of Any City to  
Have Landing Field.

It will be finally determined this week, it is believed, whether or not a flying field will be established here and an airplane will be bought by a company of local men.

The agitation for the formation of a company to purchase a ship for purely pleasure purposes, which started last week when an aviator was here from Wabash, Indiana, hauling persons in the air, has steadily grown until there is some prospect of success for the venture.

The project is being boosted by a Rush county boy who was a government flyer and who would, in the event of the purchase of the ship, drive it for the pleasure of those who wanted to pay money to ride, and teach those who had a desire to learn how to fly alone.

It is stated that overtures are now being made concerning the purchase of a plane, and that if they are successful, the dreams of this young man will be realized. If a ship is bought, it will not be a new one, but one which was used by the Canadian government for a short time in training flyers for the war. The four ships owned by the Service of Aviation, Training & Transportation company of Wabash, whose aviator was here last week, were purchased from the Canadian government.

Canadian ships are about the only ones to be bought at present, it is said, because the United States government has not placed any of its used planes on market for fear of ruining the airship business, which is just in its infancy.

That most towns and cities will have a landing field in the course of a few years, is the opinion of this former flyer who is back of the local project, and he is anxious for Rushville to be among the first to have one. He declares that airships will come into wide use for commercial and pleasure purposes because with few exceptions, most of the men who learned to fly while in the government service, will get possession of a ship, if it is in any way possible. He asserts that flying holds a fascination from which few men can escape, once they have been thoroughly trained in the art.

It was demonstrated here last week that, when flying fields become general, the rule of the road which is observed for motorists will also be the rule of the air. It will be recalled that Henry F. Fawcett, who piloted the ship which was here from Wabash, had trouble and had to return home. While he was working Continued on Page Six

## ANNUAL MEMORIAL SUNDAY

G. A. R. Services Will be Held at  
Christian Church

The G. A. R. will hold their annual memorial services at the Main Street Christian church Sunday morning. All soldiers of the late war as well as those of the former wars are requested to be present and take part in this service. The soldiers are asked to meet in the sheriff's office at the court house Sunday morning at 9 o'clock and from there they will march in a body to the church. Jabez Smith, G. A. R. Post Commander, will be in charge. The sermon will be delivered by the Rev. L. E. Brown.

## MANY DESERVING CASES IN COUNTY

Will J. McKeown Fill Out Applica-  
tions For Vocational Training  
For Five Disabled Soldiers

### OTHERS ARE ENTITLED TO IT

Blanks Are Left With Mrs. Harrie  
Jones, Secretary of Red Cross  
Home Service Committee

Before he departed for Shelbyville at 7:10 o'clock this morning, Will J. McKeown, special representative of the federal board for vocational education, found many disabled soldiers deserving the aid of the government both with compensation and training for a trade or profession of their choosing.

Mr. McKeown talked with five Rush county men during his stay yesterday afternoon and left application blanks and other material with Mrs. Harrie Jones, secretary of the home service committee of the Red Cross, so that others who did not find the opportunity to meet Mr. McKeown, may make application either for compensation or vocational training, or both.

All five of the men who consulted the federal board representative yesterday afternoon, decided to apply for compensation and a vocational training course, as provided for in the federal vocational act.

John H. Passmore, son of Mrs. Mary E. Smith of Manilla, who was wounded two days before the armistice was signed, was one of the men who was in conference with Mr. McKeown. He was shot in the hand with a machinegun bullet, which made necessary the removal of the middle finger on his right hand. The amputation was performed by a French surgeon, and was said by Mr. McKeown to be the best example of surgery he ever saw.

John Alsmann of Arlington, who was discharged at a camp in this country on account of physical defects, also talked with the federal agent. Mr. Alsmann thought that he was cured of an ailment which he had suffered, only to have it recur when he entered the service.

It developed during the conversation between Mr. McKeown and Russell J. Dearing, local rural mail carrier, that he was wounded worse than anyone here had suspected. Mr. Dearing suffered shrapnel wounds on October 17, 1918.

He was wounded in the head behind the left ear and there are still pieces of shrapnel in the mastoid bone. He was deaf for ten days after being wounded, up until the time a sore developed in his temple from which the poison escaped. Mr. Dearing was not inclined to make an attempt to get a vocational training course, because he now has a good position. Mr. McKeown, however, advised him to make an application for fear that the wound Continued on Page Six

## R. L. INNIS HEADS BOARD

Is Elected President of County  
Chautauqua Association Directors

The new board of directors of the Rush County Chautauqua association met last night in T. M. Green's office and reorganized for the annual session of the chautauqua which will be held next August. Robert L. Innis was elected president of the board, succeeding T. M. Green, who retired from the board at the annual meeting of the guarantors a few weeks ago. Hugh Manzy was elected vice-president and A. M. Taylor was re-elected secretary and F. E. Wolcott treasurer.

## 90TH DIVISION STARTING

Unit to Which Local Men Belong  
Begins Moving Toward Brest

Coblenz, Saturday, May 17.—The 90th division, comprised of national army men from Texas and Oklahoma, and several thousand replacements, chiefly from New England, began moving from the area of occupation today for Brest, preparatory to sailing for home.

Two local men, Elmer Darnell and William Carter, are members of this division.

## DOUGHNUTS SELL LIKE PROVERBIAL HOT CAKES

Greatest Difficulty is Experienced  
by Tri Kappas in Making Sup-  
ply Equal the Demand

### EXPECT \$100 WILL BE CLEARED

The only difficulty in connection with the observation of Doughnut Day in connection with the Salvation Army Home Service fund today, was that the supply did not equal the demand, even though bushels upon bushels of the delicious pastry made famous by the Salvation Army in the war, were baked by women of Rush county and donated to the Tri Kappa sorority, who had charge of the collection and sale.

Each member of the sorority baked two dozen doughnuts and scores of other women baked one dozen each. The Tri Kappas could not get a large enough supply on hand at one time to open more than one stand before noon. All morning they sold doughnuts at George C. Wyatt and company's store, and at noon opened a stand at the O. P. C. H. Many dozen were disposed of at the schools, where the demand could scarcely be supplied.

The sorority expected to clear \$100 on the day, with receipts at 3 o'clock amounting to \$93.20. The largest sum paid for a doughnut was paid by Max Tarplee, who gave \$2 for one. Tri Kappas were especially grateful to local bakeries who made liberal donations.

## JUDY SOON DECIDES FOR THE DEFENDANT

Finds Brood Mare George Thomas  
Bought at Ritter Sale in 1917  
Was Not Misrepresented

### ACTION IN 2 DIVORCE SUITS

It required but a few minutes for a jury in the circuit court to decide last night that a brood mare which George W. Thomas bought at Arthur Ritter's sale near Orange in 1917 was not misrepresented. It was alleged by Mr. Thomas, who sued Mr. Ritter for \$80 damages, in the trial held yesterday, that the mare did not come up to the representations of Mr. Ritter. The jury took only one ballot, finding for the defendant.

Judge Sparks was in Noblesville today to deal with matters relative to the Madison Brooks will contest, case in which he will sit as special judge, so that no court business was transacted.

The court granted one divorce and refused another yesterday, in returning decisions in cases heard last Saturday. Addie M. Warfield was denied a decree from her husband, Uriah J. Warfield, the costs were assessed against the plaintiff. Hannah Johnson, colored, was given a divorce from John Johnson upon payment of costs and was granted the custody of the three minor children and \$3 a week for their support.

## TO MAKE INQUIRY INTO PROCEDURE

Senate Foreign Relations Commit-  
tee Will Try to Find How Peace  
Treaty Was Framed

### SOURCES OF INFORMATION

Will Request Transcript of All Pro-  
ceedings of Conference—To  
Call in Experts

### BULLETIN

(By United Press.)

Washington, May 21.—American women won their first battle in their new proposal, when the house committee signed the federal constitution amendment. The vote was 304 to 88.

Washington, May 21.—Inquiries into the procedure by which the peace treaty with Germany was framed, is planned by members on the senate foreign relation committee, it was learned today.

Republican leaders on this committee, who said that they have known for some time of the dissatisfaction of some of the American mission in Paris with regards to the peace treaty, said today they will first request a complete transcript of all proceedings of the peace conference, including the conversations of the Big Four if such is available.

Second, they will ask expert attaches to the mission to appear and explain how the Saar valley, Polish, Italian and other settlements were reached and on what principles the president yielded to obtain the allied sanction of the peace terms.

Third, they will ask members of the American mission, including President Wilson himself, to furnish details not procurable from the above sources.

The president revealed in his message yesterday that the emergency had passed beyond the point where the continued ban on wine and beer was at least unnecessary but that he had no power to release it without the congress's action. A bill to repeal the act has been prepared.

The president promised return of the railroads as well as the wire lines and advocated legislation which will make these instrumentalities a more uniform and cooperative system.

The railroads, it is said, he will return at the end of the calendar year, while the wire lines will be returned back as soon as it can be done.

It is not enough, in the president's opinion, merely to turn the railroad lines back to their owners. He has suggested a consolidation of railroads under a regional system.

Director General Hines strongly advocates this course and is now advocating throughout the country compulsory consolidation of from twelve to twenty large competitive systems.

The house interstate commerce committee will begin gathering data on the railroad problem this week. The president counsels against any general revision of the present system but advocated perfection of a new American guide system.

### DR. D. H. DEAN ELECTED

Indianapolis, May 21.—Dr. W. Kennedy, Newentle was elected first vice-president of the Indiana institute of homeopathy at the closing session of the state convention of the homeopaths here today. Dr. D. H. Dean, of Rushville was named to the board of censors.

### EVANGELISM AS ANTIDOTE

St. Louis, May 21.—Evangelism as a means of eradicating Bolshevism and I. W. W.ism was advocated by the board of home missions in its report to the general assembly of the Presbyterian church today.

### PROVIDE CALF WITH SALT

Supply of Clean, Fresh Water, Always Available Is Another Simple Requisite.

By the time the dairy calf is old enough to eat roughage it should have either access to or small daily offerings of salt. Plenty of clean, fresh water, constantly available, is another simple and inexpensive requisite of good calf care that is too often neglected. Because a calf receives milk to drink is no reason why it does not require water. After the calf is two weeks old it needs water in small amounts at a time, though often.

### NEW MILK FOR YOUNG CALVES

They Should Have It for First Two Weeks and Gradually Be Weaned to Skim Milk.

Young calves ought to have new milk for the first two weeks of their lives, then they can gradually be weaned from new milk to skim milk, and at three or four weeks of age you can take the skim milk away from them by substituting a combination of grains and hay, or any other dry forage that they will consume. Then gradually teach them to eat whole grain, like oats and corn, and give this to them extra besides their porridge.

## DAIRY TALK

### CLOVER FOR EARLY PASTURE

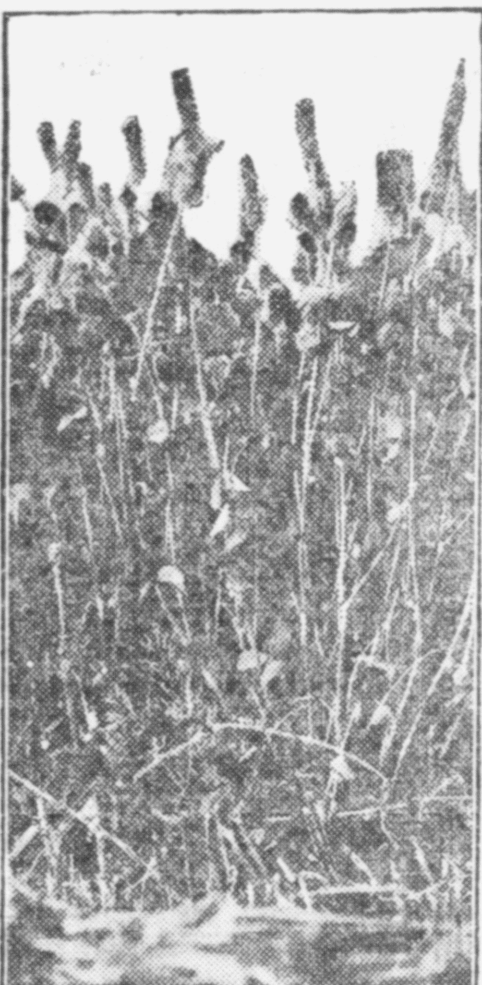

Highly Valued by Dairymen as Substitute for Silage and for Green Feed in Spring.

(Prepared by the United States Department of Agriculture.)

Excepting rye, crimson clover is the earliest pasture available in the spring in the Middle Atlantic states from New Jersey to North Carolina. Crimson clover is grown mostly for soil improving and for hay.

Crimson clover pasture is especially valuable for hogs and sheep, which relish this clover quite as much as they do red clover and alfalfa. It is highly valued by dairymen as a substitute for silage and as a means of obtaining green feed very early in the season. Many dairymen pasture their cows on crimson clover in order to save their silage for dry spells during the summer. An average acre of crimson clover furnishes dry pasture for two or three cows and reduces the amount of silage that must be fed by about one-half.

Hogs, sheep and light cattle can be run on upland pastures throughout the winter and early spring except when snow is on the ground. Heavy cattle must not be turned on the fields when the ground is soft, although crimson clover is not injured by tram-

Crimson Clover, Showing Most Advanced Stage of Ripening Which Is Allowable to Use for Hay.

pling as much as permanent blue grass sod. Crimson clover is not as likely to cause bloating as other clovers, but cattle, and especially young cattle, should not be allowed to graze when the clover is covered with frost.

# Velvet

THE FRIENDLY TOBACCO

## Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' spirit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only half of makin' Velvet. The agein' is the other half.

Thar's only one kind of agein' that gets th' right results—Nature's own. Nature's no clock watcher. She does a job right whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's just right.

It ain't been hurried none, or short-cutted. It's a Nature-done job.

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

Roll a VELVET Cigarette

### MRS. ANNA REED DIES TODAY

Former Rushville Woman Expires in Indianapolis Today

Word was received here today of the death of Mrs. Anna Reed, age 65, of Indianapolis, formerly a resident of this city, having moved there last summer. Death resulted at the Methodist hospital at 11:30 this morning from diabetes and Bright's disease. She was ill for more than a year. She is survived by three sons, George and John of Indianapolis and Duane formerly in the service. Mrs. Reed lived by herself during the time she was in Indianapolis.

### IT DEPENDS UPON ALLIES ATTITUDE

Continued from Page One

It is now believed it may be ready for signature at practically the same time as the German document. It is probable the Austrians will not be given any time over a week for discussion of the terms. In the normal course of events it is estimated that President Wilson be able to depart for the United States about June 7.

The Dutch delegation, invited to the peace conference to aid in the revision of the treaty of 1839, was in conference with the council of foreign ministers and Belgian representatives today. The following demands were made by Belgium:

1 Annulment of the clause of the treaty of 1839 binding them to perpetual neutrality. They pointed out that this failed to save them from invasion in 1914 and they insisted on the right now of making an alliance and to take further steps to protect themselves against further aggressions.

2 Revision of the clause which

cuts off Antwerp from the sea. They declared this clause gives Holland possession of the left bank of the Scheldt, prevented the feeding of Antwerp in 1914 and also resulted in interment of 30,000 Belgian soldiers who crossed into Dutch territory on the west bank.

3 Removal of the constant menace along the Belgian border created by the peninsula of Dutch Limburg, which runs down through Belgium. They pointed out this prevented them from holding the Meuse line in 1914.

**NO PROSPECT SEEN OF PRICES DROPPING**

Most Local Merchants Believe That They Will Remain at Mark Set During War Times

**DEMAND GREAT IS ONE REASON**

In interviewing local merchants during the last few days, it is revealed that they do not think that there will be a reduction in prices of various commodities for some time, and in the opinion of a few, that there will be no reduction of prices, which will continue to stay at the mark set during war times.

One merchant pointed out that in his opinion there would be no reduction in prices as the demand at the present time was so great that it could not be easily handled. Al-

**MISS SAVANAH GORDON DIES**

Sister of Local Man Expires at Age of 80 Years

Word was received here this morning of the death of Miss Savannah Gordon, age 80, of Connersville. Miss Gordon is the sister of Milton Gordon of this city. Death was due to kidney trouble, she having been ill for a period of three weeks. She is survived by one sister in addition to Mr. Gordon of this city. Mrs. Senenah Goddard of Colorado. The funeral services will be held tomorrow afternoon at two o'clock at the Lick Creek church in Fayette county and burial will be made in the cemetery there.

though a few wholesale prices have been reduced, it has and is not thought to be enough to affect the retail prices in the least. Grocer-

men say that there are many articles that are not easily to be obtained as the orders are sent in a long time before they can be filled. One hardware dealer stated today that many of the articles for the retail stores could not be had readily and many articles could not be bought. From all indications the fellow who is waiting for prices to come down before buying that new suit, buying lots to eat or building a new house will have a long wait ahead of him and probably will have a long wait ahead of him and probably will never have what he is looking forward to in this life.

**Sells Old Postcards.**

Mrs. Edwin Curd, widow of a former tobacco company official at Fulton, Mo., has found it a profitable bit of work to sell back to the government some postcards she happened to find in her husband's effects. The cards were of the issue of 1885, and the government paid her \$38.60 to redeem them.

### Mary Lamb Goes Begging.

If Mary's little lamb should be dressed today, it would furnish the average American his usual supply of lamb for more than ten years to come.

Figures obtained by the American Meat Packer's Association from government sources show that the yearly per capita consumption of mutton, including lamb and a negligible quantity of goat meat, has dropped from 8.1 to 5.3 pounds since 1900. This contrasts with a normal per capita consumption of nearly 30 pounds of mutton annually in the United Kingdom.

Despite the fact that a hungry world is clamoring for food, the American people refuse to recognize the possibilities of mutton, which is one of the most palatable meats when properly prepared.

Five cities—New York, Boston, Philadelphia, Washington and Chicago—take four-fifths of the dressed sheep and lambs placed on market in the United States, excluding the Pacific coast. California produces considerable mutton and eats still more.

A few New England towns buy more mutton than all of the Ohio and Mississippi valleys. New York City gobbles up more than 100,000 dressed sheep and lambs weekly, while Cincinnati is satisfied with less than half-a-thousand. Kansas City folds its napkin when 800 have been consumed, and St. Louis leaves the table after 1,000.

Explanation lies partly in the fact that most consumers do not know how to prepare many cuts of lamb and mutton, and some retailers do not know how to cut the dressed meat. Textile-manufacturing towns with a large proportion of Greek and Latin people are heavy mutton eaters.

### Public Ownership of Women

The bitterest enemy of the Republican could hardly accuse it of offering prurient matter for perusal.

Desiring the support of the substantial element among the people of the county we naturally do not offer the type of salacious material that would at once antagonize them. Secure therefore in the knowledge that our motive will not be misunderstood, we point without diffidence to a feature in the policy of the Russian soviet. In plain English, the proposal is to "nationalize women".

Official notice has been made that the "best and most beautiful" of the feminine sex have by an unjust principle been until, recently the property of a privileged class, but as this condition ceased to exist with the inauguration of the bolshevist regime steps will be taken whereby even the choicest samples are to be put to the use of the proletariat "not more than two or three times a week".

The military order commanding the selection of fifty girls and women of the bourgeois class for the use of the barracks is stale news by this nature have been promulgated at crowded meeting in Carnegie Hall, New York.

For the benefit of those who do not know, or knowing disregard these palatable items on the bolshevist menu it might be well to mention that over ten per cent of our population over the age of ten cannot read the English tongue. There are plenty of them who can read the communistic ravings of their own press. But the language of Uncle Sam, the language in which the highest democratic ideals find their position, the language in which presidential proclamations are delivered—all this is no more to them than Coctaw or Kickapoo.

Let us give up kidding ourselves. This is not the America of George Washington, but we can restore it if we like.

### Give it in Time

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives  
**Foley's Honey and Tar**  
at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.  
Mrs. M. E. Schlarb, Ashland, Penn., writes: "Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."  
**F. B. JOHNSON**

### Sap and Salt

By BERT MOSES.

Society is little else than Life put up in cans.

Self-mastery is about all there is to mastering others.

When Fate is unkind, smile. It won't change things a bit to yammer, yawp and yell.

Riches used to take wings, but since the auto came along they run off in a limousine.

Whatever you are, be a Big One, even though you are a liar, for a little lie is as bad as a big one.

Sculpture is elimination, a statue being simply a block of marble with the superfluous parts chipped off.

Hez Heck says: "When a lawyer succeeds in putting the blame upon the Almighty, the prisoner goes free."

Speaking of immigration restriction, one set of enemy aliens can be bared out of this country without one objection being raised. We refer to the cooties.

Miss Columbia is happy now that she finds the handbag with the Monroe doctrine in it wasn't lost after all.

If Mexico decrees a ten mile dry zone all along her border, the wets will consider that Mexican insult has been added to U. S. injury.

### ADMIT PERJURY IN THE CIRCUIT COURT

Four Women and Two Men of Morristown Confess They Lied at Trial of Ray Heck

### ECHO OF CLOVER SEED THEFT

Admissions of Wife, Sister and Father of Heck and Others Taken Under Advisement

Shelbyville, Ind., May 21.—Declaring that he considers perjury one of the worst crimes in the country, Judge Blair yesterday afternoon took under advisement the extent of sentence that will be passed on Nellie Heck, Edna Heck, John Heck, Minnie Engle, Lizzie Martin and William Talbert, all of whom were charged with perjury. The six pleaded guilty to the charge this afternoon. The women told of the circumstances which led them to lie in order to save Ray Heck from prison.

Ray Heck and Jesse Wolf were taken to prison two weeks ago, being found guilty of perjuring themselves at a former trial for grand larceny, of which they were found guilty.

The trials of the other six, who were indicted at the same time, were set for the present term of court. Edna Heck, a sister-in-law of Ray Heck, however, confessed to the prosecutor last night, and all the defendants were called into court.

Edna Heck stated that she lied on the witness stand to save Ray Heck, because she loved her sister and her sister's children. She collapsed on the stand and had to be taken to her chair, where she pleaded with the judge for leniency.

Nellie Heck, wife of Ray Heck, stated that she lied because she thought that Noble Bassett, from whom Heck stole \$700 worth of clover seed, was trying to "get her husband," and that she knew nothing of the theft. She has eight children and stated that her home is heavily mortgaged.

John Heck, father of Ray Heck, Talbert and the other two women stated that they had been mistaken at the trial and believed they were testifying to the truth at the time.

Oscar Hall, who had been Heck's attorney at his trial, told the court that he considered Ray Heck a criminal of the lowest character, who would allow his wife and family to perjure themselves to gain this freedom.

## WHAT WILL BECOME OF MARY SLOAN?

SHE is deserted, penniless and friendless. Where is she to turn for sympathy and help? What is to become of her and her baby?

Where is Mary Sloan to find a decent place to live while she is earning a living for herself and her child? Where is she to find a free clinic? A day nursery? A fresh air farm?

### WHAT YOU CAN DO FOR HER!

You can give direct practical help by contributing to the Salvation Army—which helps all who need help. The Salvation Army urgently needs \$13,000,000 for vital work for Mary Sloans and countless other unfortunates in the United States this year.

Send your contribution at once.

## The Supreme National Medium

It is the newspaper which, always supreme as a local medium, has become in the past decade the leading national advertising medium.

In every home, in every market, every day in the year, the newspaper is a fixed habit. It brings to every individual the news of the world as a whole, as well as the news of the daily life of the community.

Approximately \$375,000,000 is expended annually for newspaper advertising.

The newspaper is the only medium which reaches every consumer everywhere, every day. It can be employed city by city, section by section, or it can be used to cover a continent.

It comes nearest to that fundamental principle of successful merchandising—the bringing together of buyer and seller in the quickest and cheapest way.

Theda Bara at Princess

"The She-Devil," starring Theda Bara, is the offering at the Princess theatre today. For the first time in her career, Theda Bara, the star in the new William Fox photodrama, "The She-Devil," took a ride recently in a stage coach—a ride she says she will never forget.

Miss Bara as Lolette, a Spanish girl, escapes from a bandit on horseback, intercepts the stage on its way to Seville and climbs aboard with the driver. Director J. Gordon Edwards, who filmed the photoplay, had selected a picturesque road for this scene. It started on top of a mountain and wound its way down to a valley. In descending, the coach gained unexpected momentum and soon was careening from side to side with Miss Bara holding on for dear life. At a turn one of the horses stumbled and for a moment it looked as if horses, stage coach, star and passengers would go over the side.

"My heart simply stopped beating," said Miss Bara after the ride was over. "It surely was an exciting experience. At times we were going so fast it took my breath away and when I set foot on the ground again, I sent up a prayer for my safe delivery. I should not want to do it over again."

Thursday Charles Ray in "The Sheriff's Son," will be shown.

"A Night in Hong Kong"

Lew Lewis and the Daisy Musical Girls company will be seen again at the Mystic theater tonight when they will offer "A Night in Hong Kong." The company pleased a large audience last night with the skit, "The Battle of Too Soon." In addition to the vaudeville tonight, Shorty Hamilton in "The Bogus Duke" and a Mack Sennett comedy, "A Touch of Rheumatism," both photoplays, will be shown.

"A Little Off of Main, But It Pays to Walk"

The Pirate Bridge club will meet tomorrow afternoon at the home of Mrs. Robert Tompkins in East Seventh street.

Mrs. Ed Short will entertain the members of the Industrial club tomorrow afternoon at her home in West Second street.

The Marian Social circle will meet with Mrs. Thomas Kirk tomorrow afternoon at her home in West Third street. She will be assisted by Mrs. John Jordan.

Mrs. Charles Osman entertained the members of the Wednesday Afternoon sewing club this afternoon at her home in West First street. The guests enjoyed the afternoon over needlework at the close of which the hostess served a light luncheon.

The members of the Ladies Aid Society of the First Presbyterian church was entertained at the home of Mrs. H. H. Elliott in North Harrison street yesterday afternoon. After a short business session the remainder of the afternoon was devoted to the regular program and social hour.

About seventy-five couples attended the dance last evening given under the auspices of the Elks' Lodge in the Modern Appliance building in West Third street. An orchestra from Milton furnished the music. The proceeds of the evening were given for the benefit of the Salvation Army fund.

Mrs. Russell Skipton entertained the Psi Iota Xi sorority last evening at her home in North Sexton street. The evening was devoted to discussing many business plans, at the close of which dainty refreshments were served. Two guests were present, Miss Lucia Fitch of

Spades, Ind., and Mrs. Allen Mesick of Marion.

Mrs. Richard Burns entertained last Friday evening with a six o'clock chicken dinner, honoring her nephew, Dan Honley, who has just returned from overseas. The table was adorned with a bouquet of carnations where covers were laid for Mr. and Mrs. William Higgs, Mrs. Agnes Razor and daughter Roselle and John Richards of Greensburg.

Mr. and Mrs. John Ellerman entertained at dinner Sunday, Mr. and Mrs. George Eckert and sons, Adrain and Jesse of Gings, Mr. and Mrs. Melford Johnson and daughters Inez, Allen and Lavonne of Raleigh, Mr. and Mrs. Jesse Drake and daughter Zella, Mrs. Ola Ellerman of Connersville and Dan Drake of Glenwood. The occasion was Mr. Drake's sixty-eighth birthday.

Mrs. William Higgs entertained a number of friends with a pitch-in dinner Sunday at her home in West Second street. The centerpiece for the table was a bouquet of carnations and covers were placed for Mr. and Mrs. Ed Short, Mrs. Ambrose Gohring, Mr. and Mrs. Fred Arbuckle, Mrs. John Richards and family of Greensburg and Mrs. Charles Sturgiss, also of Greensburg.

Miss Lois Reeve was hostess for a prettily appointed dinner party last evening at her home in North Main street. The table was attractively decorated with a French basket of spring flowers and covers were laid for the Misses Dorothy Sparks, Dorothy Mulno and Katherine Wyatt and Howard Stiers, Alfred Norris, Hubert Alexander and Royden Friends. The evening was spent in dancing.

Mrs. Raymond C. Hargrove, Mrs. E. B. Poundstone and Mrs. Rhoda Offutt were on the program at the annual district meeting of the Woman's Home Missionary society, which opened in Connersville yes-

terday afternoon and was to continue until this afternoon. Visitors from here at last night's sessions included Mrs. Anna Marlatt, Mrs. V. C. Bodine, Miss Gene Thomas, Miss Elsie Bohannon and Miss Anna Poundstone.

"A Man May Be Down But He's Never Out"

By BEIT MOSES

The Salvation Army has expenses to pay in carrying on its beautiful work and it is surely a shame to civilization that much of its resources must be solicited a penny at a time—pieces of copper tossed into a tambourine.

Now the people of the United States of America have undertaken to raise a decent fund for these good people to use in making the world better, and Rush County's portion is only \$3,000—about 15¢ apiece if each inhabitant contributes.

But most of us can give more than 15¢.

Some of us can give a quarter, some a half dollar, some a dollar, some five dollars, and I know quite a number in Rush County who could contribute anywhere from \$10 to \$100 without making a dent in their bank balances.

The Elks' Lodge in Rushville has charge of this local campaign for funds for the Salvation Army.

You can make your contribution there, and the more you give, the more will your own conscience pat you on your own back, and the more will you do toward good health, good morals and good citizenship.

This money is to be used in this country, and God knows there is much to be done here right now to discourage the rising tide of pending disorder and lawlessness that is sweeping toward us from over the seas.

### MANY DESERVING CASES IN COUNTY

Continued from Page One  
might some time give him trouble from riding in a machine every day.

Dewey Grigsby of Richland township who was wounded in action on August 10, 1918, and his brother, James Grigsby, who was discharged at a camp in the United States because of physical defects, both decided to apply for vocational training before they finished their conference with the government agent yesterday afternoon.

There are known to be other Rush county soldiers who are entitled to compensation and vocational training because of a big percent of disability and they are urged to see Mrs. Jones in regard to their applications at once.

### THIS WEEK WILL SETTLE THE ISSUE

**SIZE OF FLOCK IS TO BE CONSIDERED**  
 Mrs. J. W. Hall Points She Has Only 150 Hens Whereas O. C. Macey Apparently Has at Least 300  
 THINKS HER AVERAGE IS GOOD

The controversy over egg production in Rush county grows apace. Mrs. J. W. Hall of near Gings started the argument when she announced that she gathered on the average of eighty eggs a day. O. C. Macey of Manilla, R. R. 2, answered her claims by showing that the egg production on his farm was far in excess of Mrs. Hall. The latter now points out that considering the size of the flock, her record is just as good as Mr. Macey's, who evidently, according to Mrs. Hall, has at least 300 hens because he mentions that he gathered 213 eggs in one day. Not every hen lays every day, it is recalled, so that an allowance must be made for the hens not laying. Mrs. Hall says she has only 150 hens and thinks her average of eighty eggs a day is very good.

James Newhouse of near Morris-town, formerly of this city, has made a good record in egg production. During the first four months of this year he has sold 585 dozen eggs at an average price of 55 cents a dozen. His total production during the four months was 7732, divided by months as follows: January, 125 hens, 210 dozen; February, 125 hens, 183 dozen; March, 125 hens, 193 dozen; April, 100 hens, 186 dozen.

**RECEIVES A NEW PROMOTION**

George B. Jones, Former Local Physician, Made Lieutenant-Colonel

Word was received here this morning from Mrs. George B. Jones of Indianapolis to the effect that her husband has received another promotion while with the A. E. F. He was promoted from Major in the Medical Corps to that of Lieutenant Colonel. Dr. Osborn, formerly of Glenwood also holds this rank, which is the highest held by any Rush county men.

**In Indianapolis Monday For Speech**

William Jennings Bryan

Mr. Bryan has been heard by admiring thousands scores of times in Indianapolis. He is coming again to Indianapolis on Monday next—this time under the auspices of the Anti-Saloon League of America, and will deliver two addresses in Tomlinson Hall—one at 2:00 p. m., the other at 8:00 p. m. Accompanying Mr. Bryan's party will be a group of representative men from Great Britain who are making a tour of the United States studying the economic effect of prohibition in America. Several of these men will be heard at both these meetings. In the party will also be Howard H. Russell, the founder of the Anti-Saloon League. The Bryan party is one of seven different parties touring the nation and visiting the capital of every state in the union in two weeks—all of which are to meet in Washington, D. C., June 4, 5, and 6, where a world prohibition convention will be held in the Billy Sunday Tabernacle, re-christened the Liberty Hut. Delegates to this convention will be present from 50 different countries. Admission to the

Tomlinson Hall meeting will be free and state League officials are expecting quite a number to attend from this place. The meeting was announced in all of the church pulpits of Rush county Sunday.

**TO GIVE PROGRAM OF PHYSICAL EXERCISES**

**Pupils of Grade Schools Will Give Demonstration in Annex Friday Afternoon**

**MARJORIE SMITH DIRECTOR**

A series of "setting up" exercises, singing games, and folk dances will be given by the pupils of the grade schools, under the direction of Miss Marjorie Smith, director of physical education in the grades, Friday afternoon at 2:15 o'clock at the Graham Annex gymnasium. This work has been introduced this year. Miss Smith has visited the different buildings on Friday afternoons and has given directions and outlines to the teachers for daily work. The patrons are urged to see this demonstra-

tion. The program follows:

- Second grade—floor work exercises.
- Singing Game, "Let Your Hands Clap, Clap," No. 1—Havens.
- Singing Game, "Here We Go Round the Mulberry Tree," No. 1—Annex.
- Third Grade, Floor work exercises.
- Folk Dance, "Hansel and Gretel," No. 1—Jackson.
- Folk Dance, "How D'ye Do, My Partner," No. 2—Havens.
- Sixth Grade—Floor work exercises.
- Singing Game, "Lads and Lassies," No. 2—Annex.
- Fifth Grade, floor work exercises.
- Folk Dance—"I See You," No. 2—Jackson.
- Fourth Grade, Wand Drill.

**BURR OAK CAMP No. 3548**

M. W. of A., meets each Thursday evening at 8:30 o'clock, at corner of Third and Morgan Streets. Members of other Camps always welcome to attend these meetings. Referendum vote on new rates will be held the evening of May 29, 1919. Theodore Saunders, Consul. May 8-14-21-28. J. P. Stech, Clerk.

THE UNIVERSAL CAR

Because of its all-around utility, the Ford One Ton Truck—with worm drive—has made itself an absolute business necessity. It's so dependable in service wherever placed, flexible and sure in control and low cost of operation and maintenance and possessing that vanadium steel strength, it has become the want in every line of business, from retail merchant to manufacturer, from engineer to contractor, from corporation to farmer. Let us tell you details and give you a demonstration. Truck Chassis \$550 f. o. b. Detroit.

## VOCATIONAL WORKERS HOLDS CONFERENCE

Discuss Work Accomplished Along These Lines and Prospects for The Future

MEET AT PURDUE UNIVERSITY.

Lafayette, Ind., May 21—Vocational, home economics and recreation workers were to discuss the work accomplished along these lines and the prospects of the future at the conference which opened here today. The meetings are being held at Purdue University under the direction of the extension department of Purdue and the state board of vocational education. The meetings will continue through Friday.

Men and women of national and state experience will address the assembly. Dean J. H. Skinner of Purdue was to talk first on the relations of the university to vocational education. Other speakers include Miss Bertha Latta, state supervisor of Home Economics; J. G. Collicott, state director of vocational education; L. N. Hines, state superintendent of public instruction; W. E. Stone, president of Purdue; Anna B. Cowles, state leader of girls club work; J. A. Linkle of the federal board of vocational education; O. H. Benson, national club leader of Washington, D. C.; C. F. McIntyre, member of the federal board.

## Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

## HUGE ORGAN WILL FURNISH MUSIC FOR METHODIST CENTENARY CELEBRATION

SHIMMERING, pulsating strings; liquid, sparkling flutes; broad, dignified diapasons; militant, exultant trumpets and reeds from the plaintive vox humana; the contemplative orchestral oboe; the ringing French horn and the quaint clarinet to the massive, compelling sonority of the great 32-foot bombard and its accompanying battery of brilliant tubas, comprise the four divisions of the huge organ which is being installed in the Coliseum at the exposition grounds for the Methodist Centenary celebration to be held in Columbus, June 20 to July 13.

The organ is being built under the direct supervision of W. J. Kraft, director of music at Columbia university, by Moller of Hagerstown, Md. It will cost about \$50,000. "The instrument compares favorably with the largest organs now in use," said Professor Kraft. "It is much larger than the municipal organ at Portland, Me. The organ has 98 stops, having as subdivision great, swell, choir, solo and echo. It will have the divisions of woodwind, brass, strings, harp and chimes. It is my purpose to invite some of the leading organists of the world to come to the celebration and give recitals."

Mr. Moller, builder of the organ, said: "I know of no organ in the country which has the power or so many modern appliances as that being built for the Centenary celebration. It will probably hold the record for being the largest organ used for any religious gathering."

There are three separate blowing plants, requiring 25 horse-power, with centrifugal electric blowers and generators. The console is movable, being connected with the organ by a flexible cable, located immediately in front of the stage at the west end of the auditorium. The organ covers a floor space of 900 square feet and weighs approximately eight tons. The blowers furnish 6,300 cubic feet of air per minute. Twenty-one miles of wire have been installed. The pipes range from three-quarters of an inch in length to 32 feet.

In planning the accompaniment for congregational singing in an auditorium seating 10,000 people, the committee in charge of the preparatory

work saw that an orchestra would be ineffective, and that nothing would be so peculiarly in keeping with the religious motive underlying the whole movement as the resonance power, beauty and spiritual uplift which would result from the use of an organ. This organ will furnish accompaniment of great mixed choruses rang-

WILLIAM A. KRAFT  
Of Columbia University, Who Has Charge of All Music at the Centenary Celebration.

ing from 500 to 1,500 voices, which will have part in the Centenary Celebration. The work of installing its mechanism already is started and the terms of the contract call for completion by May 1.

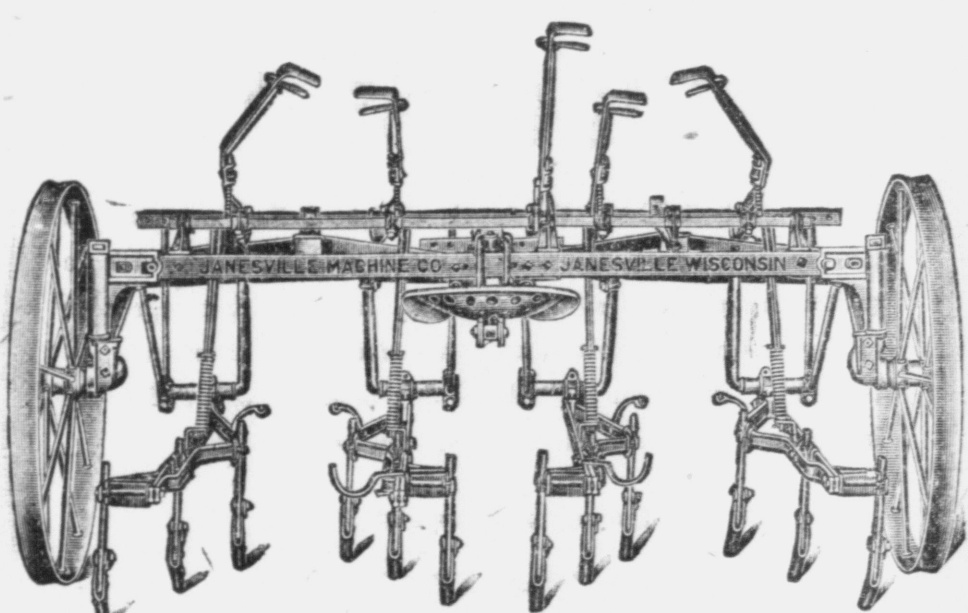

Professor Kraft has invited some of the leading organists of the United States to display their skill on this organ during the progress of the Centenary.

## WANTED

EVERY HOG RAISER IN RUSH COUNTY to know that we have plenty of pure potent Thorntown serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anybody that has used it. Every one who has vaccinating done wants the best serum he can buy, and this is guaranteed to give satisfaction.

See or Call RALPH H. MILES, office over Rushville National Bank. Phone 2084 or Raleigh phone.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all *that* work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

MABEL DUNLAP CURRY TO SPEAK THURSDAY

Teachers of City Are Bringing Noted Woman Here For Lecture at Graham High School

SPEAKS WITH CLEAR LOGIC

The teachers of the Rushville Public Schools will present to the public Thursday evening at the assembly room in the high school building, Mrs. Mabel Dunlap Curry, of Terre Haute, a speaker with a message for the times.

Mrs. Curry is a woman of rare beauty and culture. She speaks with clear-cut and convincing logic, interspersed with a fund of rich humor which captivates her audiences. Mrs. Curry has appeared upon the chautauqua platforms at Rochester, Ind., Shelbyville, Ill., Bay View, and many other places. In every place she was accorded among the best appearing there.

The teachers of the city have brought several speakers of worth and prominence to our city at different times. Those who heard Dr. Thos. R. White declared that he gave one of the best talks on the war. Mrs. Curry comes with a message of woman's place and influence as a citizen. There should be a large attendance at this lecture. The admission is free but anyone wishing to assist will please leave a

silver offering at the door. The expense of securing this lecture is considerable and the teachers have been meeting these expenses personally.

OPENED HEARING TODAY

Railroad Administration Hears Case on Increase in Rates.

Indianapolis, Ind., May 21.—The federal railroad administration today opened a hearing in Indianapolis on the proposed increase in rates on interstate cement shipments. The hearing was held in the Supreme Court room under direction of the Chicago Eastern, St. Louis Eastern and Cincinnati committees of the railroad administration.

To the present high freight rates on this commodity is attributed by Governor Goodrich the delay in road construction under the state highway law. As a result of the rates now in effect, he has intimated that he will construct a million dollars cement plant on the penal farm—or buy one that is already operating near Greencastle.

CATARRH For head or throat Catarrh try the vapor treatment— VICK'S VAPORUB "YOUR BODYGUARD"—30¢, 60¢, \$1.20

Cultivators

THE OLIVER ONE AND TWO ROW

You will not find any neck weight on the Oliver Cultivators. The close, direct hitch is one of the main features that makes the two-row the lightest draft on the market. The gangs are eagle claw and are short and do not extend back of the wheels. The shovels work directly under the frame, which eliminates the neck weight and makes it the lightest draft two-row on the market. For sale by

## Ugly, Unsightly Pimples Are Signals of Bad Blood

**Give Heed to the Warning.**  
Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

## SOME DEALERS NOT COLLECTING TAXES

Bureau of Internal Revenue States  
Purchaser Must Pay Those on  
Soft Drinks.

MISTAKES ARE BEING MADE.

Ice Cream Sold by Religious Organizations and at Church Socials is Not Taxable.

Inquiries received by the Internal Revenue and Collectors indicate a misunderstanding on the part of not only the public, but dealers themselves regarding the tax on soft drinks, which became effective May 1. Reports reaching the Bureau are that some dealers are not collecting the tax while others are charging extra pennies for drinks which are not taxable. To correct these mistakes the Bureau has issued the following statement relating to the collection of the tax:

The tax is one cent for each ten cents or fraction thereof on the amount paid at soda fountains, ice cream parlors or similar places of business on soft drinks, ice cream, ice-cream sandwiches, "or similar articles of food or drink when sold for consumption in or in proximity to such place of business." The purchaser can not escape the tax by stepping outside of the place where sold to consume his soft drink or ice cream. Ice cream in cones is taxable, because sold under conditions which indicate that it is to be consumed "in or in proximity to the place of business." When ice cream is sold under conditions which indicate that it would usually be consumed in or in proximity to the premises, the fact that the purchaser does not consume it there but carries it away, does not render it free from the tax. Ice cream sold in boxes and ice cream sodas or other soft drinks sold in pitchers or buckets for home consumption are exempt.

Sales of soft drinks, ice cream and similar articles of food and drink in hotels, restaurants, cafeterias and club houses are not taxable unless sold separate and apart from meals. If ice cream or soft drink is the only refreshment ordered in such places the tax applies. Such sales at soda fountains are taxable even though sold as part of a meal.

In general such beverages commonly known as soft drinks which are compounded or mixed at a soda fountain are subject to the tax. Illustrative of these are orangeade, lemonade, pineapple juice, coco co-

## Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric was \$18.50, now	\$15.75
30x30½	Goodyear, Non Skid, Fabric was \$23.50, now	\$20.00
32x3½	Goodyear, Non Skid, Fabric was \$27.45, now	\$23.35
31x4	Goodyear, Non Skid, Fabric was \$36.65, now	\$31.25
32x4	Goodyear, Non Skid, Fabric was \$37.40, now	\$31.85
33x4	Goodyear, Non Skid, Fabric was \$39.25, now	\$33.35
34x4	Goodyear, Non Skid, Fabric was \$40.10, now	\$34.10
30x3½	Goodyear Cord was \$38.70, now	\$24.55
32x4	Goodyear Cord was \$52.65, now	\$44.65
34x4	Goodyear Cord was \$55.50, now	\$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

Work Guaranteed.

Prices Reasonable.

## IT DEPENDS UPON ALLIES ATTITUDE

Unofficially Reported Germany Will Not Sign if Disposition to Modify Terms Isn't Shown

FINAL PROPOSALS FINISHED

No Indications Pact as Originally Drawn Will be Changed—Date For Signing to be Fixed

**BULLETIN**  
(By United Press.)

Paris, May 21.—The time limit for the Germans to present their counter proposals to the peace treaty has been extended one week by the Big Four, it was officially announced this afternoon. The time limit was set for tomorrow but was advanced to May 29 at the request of Foreign Minister Brockdorff.

Paris, May 21.—A report was circulated in French circles today that the Germans may be given an extension of four days to present their counter proposals to the peace terms. The time was to expire tomorrow.

Berlin, May 1.—German counter proposals regarding the peace treaty are completed so far as Berlin is concerned, it was learned from an authoritative source today.

The communications are believed to have been forwarded to Versailles last night. The government is understood to have claimed that these are Germany's uppermost concessions. They are said to have proposed a plebiscite in the eastern province, elimination of French control over the Saar basin and alternation of the provision for taking over Germany's merchant ships.

Fearing serious outbreak in Silesia, the government has dispatched a large force of troops to that district.

Allied treatment of Germany's final counter proposals to the peace treaty, to be submitted tomorrow or Thursday, will determine largely whether the pact will be signed, it was indicated in official circles today.

If the allies show a disposition to modify the terms along the line suggested in German communication, the German delegates will accept them, it was said. If, however, the allies flatly refuse to accept the suggestions as they have all others answered to date, the German must withhold acceptance of the treaty to avert economic and political destruction, according to government attaches.

It is the belief, however, of the working classes, the radical in particular, that they will accept regardless of the conditions.

Every demonstration in protest against the terms has been met by simultaneous counter demonstrations and one huge meeting called to denounce the treaty wound up with an almost unanimous demand for acceptance of the terms.

This is the situation in Germany today. The answer to the riddle, it is stated, will be known before the end of the week.

Paris, May 21.—The time limit for submission of German observations on the peace treaty expires at three o'clock tomorrow afternoon.

After the Big Four complete perusal of these last communications, the date will be fixed upon which the Germans must definitely accept or refuse the terms. This will depend upon the nature of the observations.

There have been no indications, however, that the terms will be changed in any way.

The progress of assembling the Austrian treaty has been such that

## NO TRACE OF HAWKER FOUND

Announcement Made in House of Commons This Afternoon

(By United Press.)

London, May 21.—The parliament secretary for the admiralty, announced in the house of commons this afternoon that the eight destroyers searching for Harry Hawker and Commander Grieves, had found no trace of the missing aviator.

In an official communique, the admiralty warns the public that in view of the vast areas involved, the chances of finding Hawker and Grieve are very remote.

## TO ASK C. I. & W. TO CHANGE TIME FLAGMEN

Council Will Request Hours be Fixed So They Can Remain on Duty After 6 in Evening

EMPLOYES ASK MORE MONEY

The city council last night voted to instruct the city clerk to write the superintendent of the C. I. & W. and request that he arrange for the crossing flagmen in this city to remain on duty until after the two evening trains, which go each way shortly after six o'clock, have passed through the city. At the request of the railroads, the council recently passed an ordinance limiting the hours of flagmen to the time their services were actually needed. Afterwards a new schedule went into effect on the C. I. & W., and the flagmen have not been on duty when they are needed the most, because, under the ordinance they leave their posts at six o'clock.

Charles L. Henry, president of the I. & C., appeared before the council and made a plea for the privilege to use the company's gravel from its pit near Morristown under its tracks in Third street where brick pavement is being laid. He claimed that the city had no jurisdiction over the kind of material the company uses, whereas it is maintained that the company's gravel does not meet the street specifications because it is not washed gravel, and therefore can't be used.

Consideration of petitions of city firemen and policemen for an increase in wages was postponed until a later meeting.

## START OF NC 4 IS DELAYED BY WEATHER

Commander Towers Decides His Flagship, NC 3, is in no Condition to Continue Flight

HE MAY ACCOMPANY THE NC 4

(By United Press.)

Washington, May 21.—Because of engine trouble, the NC 4 has been forced to postpone her hop-off, expected today, from Ponta Delgada to Lisbon, an early dispatch to the navy department announced.

Admiral Jackson, in a radio said:

"NC 4 will not leave today. One engine in trouble. Not functioning properly."

Commander Towers has decided that his flagship NC 3 is in no condition, after weathering heavy seas for many hours, to finish the journey. It will be shipped back to the United States.

Towers declared that minor casualties were suffered by some of the crew of the ill fated NC 1, which sank at sea, while being brought to port. It was reported that possibly Commander Towers might accompany the NC 4 on the remainder of the journey to Europe.

## THIS WEEK WILL SETTLE THE ISSUE

Will be Determined Whether or Not Airplane Will be Purchased by a Local Company

FAIR PROSPECT OF SUCCESS

Former Aviator Points Out it Will be to Advantage of Any City to Have Landing Field.

It will be finally determined this week, it is believed, whether or not a flying field will be established here and an airplane will be bought by a company of local men.

The agitation for the formation of a company to purchase a ship for purely pleasure purposes, which started last week when an aviator was here from Wabash, Indiana, hauling persons in the air, has steadily grown until there is some prospect of success for the venture. The project is being boosted by a Rush county boy who was a government flyer and who would, in the event of the purchase of the ship, drive it for the pleasure of those who wanted to pay money to ride, and teach those who had a desire to learn how to fly alone.

It is stated that overtures are now being made concerning the purchase of a plane, and that if they are successful, the dreams of this young man will be realized. If a ship is bought, it will not be a new one, but one which was used by the Canadian government for a short time in training flyers for the war. The four ships owned by the Service of Aviation, Training & Transportation company of Wabash, whose aviator was here last week, were purchased from the Canadian government.

Canadian ships are about the only ones to be bought at present, it is said, because the United States government has not placed any of its used planes on market for fear of ruining the airship business, which is just in its infancy.

That most towns and cities will have a landing field in the course of a few years, is the opinion of this former flyer who is back of the local project, and he is anxious for Rushville to be among the first to have one. He declares that airships will come into wide use for commercial and pleasure purposes because with few exceptions, most of the men who learned to fly while in the government service, will get possession of a ship, if it is in any way possible. He asserts that flying holds a fascination from which few men can escape, once they have been thoroughly trained in the art.

It was demonstrated here last week that, when flying fields become general, the rule of the road which is observed for motorists will also be the rule of the air. It will be recalled that Henry F. Fawcett, who piloted the ship which was here from Wabash, had trouble and had to return home. While he was working

## ANNUAL MEMORIAL SUNDAY

G. A. R. Services Will be Held at Christian Church

The G. A. R. will hold their annual memorial services at the Main Street Christian church Sunday morning. All soldiers of the late war as well as those of the former wars are requested to be present and take part in this service. The soldiers are asked to meet in the sheriff's office at the court house Sunday morning at 9 o'clock and from there they will march in a body to the church. Jabez Smith, G. A. R. Post Commander, will be in charge. The sermon will be delivered by the Rev. L. E. Brown.

## MANY DESERVING CASES IN COUNTY

Will J. McKeown Fill Out Applications For Vocational Training For Five Disabled Soldiers

OTHERS ARE ENTITLED TO IT

Blanks Are Left With Mrs. Harrie Jones, Secretary of Red Cross Home Service Committee

Before he departed for Shelbyville at 7:30 o'clock this morning, Will J. McKeown, special representative of the federal board for vocational education, found many disabled soldiers deserving the aid of the government both with compensation and training for a trade or profession of their choosing.

Mr. McKeown talked with five Rush county men during his stay yesterday afternoon and left application blanks and other material with Mrs. Harrie Jones, secretary of the home service committee of the Red Cross, so that others who did not find the opportunity to meet Mr. McKeown, may make application either for compensation or vocational training, or both.

All five of the men who consulted the federal board representative yesterday afternoon, decided to apply for compensation and a vocational training course, as provided for in the federal vocational act.

John H. Passmore, son of Mrs. Mary E. Smith of Manilla, who was wounded two days before the armistice was signed, was one of the men who was in conference with Mr. McKeown. He was shot in the hand with a machinegun bullet, which made necessary the removal of the middle finger on his right hand. The amputation was performed by a French surgeon, and was said by Mr. McKeown to be the best example of surgery he ever saw.

John Alzman of Arlington, who was discharged at a camp in this country on account of physical defects, also talked with the federal agent. Mr. Alzman thought that he was cured of an ailment which he had suffered, only to have it recur when he entered the service.

It developed during the conversation between Mr. McKeown and Russell J. Dearing, local rural mail carrier, that he was wounded worse than anyone here had suspected. Mr. Dearing suffered shrapnel wounds on October 17, 1918.

He was wounded in the head behind the left ear and there are still pieces of shrapnel in the mastoid bone. He was deaf for ten days after being wounded, up until the time a sore developed in his temple from which the poison escaped. Mr. Dearing was not inclined to make an attempt to get a vocational training course, because he now has a good position. Mr. McKeown, however, advised him to make an application for fear that the wound

## R. L. INNIS HEADS BOARD

Is Elected President of County Chautauqua Association Directors

The new board of directors of the Rush County Chautauqua association met last night in T. M. Green's office and reorganized for the annual session of the chautauqua which will be held next August. Robert L. Innis was elected president of the board, succeeding T. M. Green, who retired from the board at the annual meeting of the guarantors a few weeks ago. Hugh Manzy was elected vice-president and A. M. Taylor was re-elected secretary and F. E. Wolcott treasurer.

## 90TH DIVISION STARTING

Unit to Which Local Men Belong Begins Moving Toward Brest

Coblenz, Saturday, May 17.—The 90th division, comprised of national army men from Texas and Oklahoma, and several thousand replacements, chiefly from New England, began moving from the area of occupation today for Brest, preparatory to sailing for home.

Two local men, Elmer Darnell and William Carter, are members of this division.

## DOUGHNUTS SELL LIKE PROVERBIAL HOT CAKES

Greatest Difficulty is Experienced by Tri Kappas in Making Supply Equal the Demand

EXPECT \$100 WILL BE CLEARED

The only difficulty in connection with the observation of Doughnut Day in connection with the Salvation Army Home Service fund today, was that the supply did not equal the demand, even though bushels upon bushels of the delicious pastry made famous by the Salvation Army in the war, were baked by women of Rush county and donated to the Tri Kappa sorority, who had charge of the collection and sale.

Each member of the sorority baked two dozen doughnuts and scores of other women baked one dozen each. The Tri Kappas could not get a large enough supply on hand at one time to open more than one stand before noon. All morning they sold doughnuts at George C. Wynn and company's store, and at noon opened a stand at the O. P. C. H. Many dozen were disposed of at the schools, where the demand could scarcely be supplied.

The sorority expected to clear \$100 on the day, with receipts at 3 o'clock amounting to \$93.20. The largest sum paid for a doughnut was paid by Max Tarplee, who gave \$2 for one. Tri Kappas were especially grateful to local bakeries who made liberal donations.

## JUDY SOON DECIDES FOR THE DEFENDANT

Finds Brood Mare George Thomas Bought at Ritter Sale in 1917 Was Not Misrepresented

ACTION IN 2 DIVORCE SUITS

It required but a few minutes for a jury in the circuit court to decide last night that a brood mare which George W. Thomas bought at Arthur Ritter's sale near Orange in 1917 was not misrepresented. It was alleged by Mr. Thomas, who sued Mr. Ritter for \$80 damages, in the trial held yesterday, that the mare did not come up to the representations of Mr. Ritter. The jury took only one ballot, finding for the defendant.

Judge Sparks was in Noblesville today to deal with matters relative to the Madison Brooks will contest case in which he will sit as special judge, so that no court business was transacted.

The court granted one divorce and refused another yesterday, in returning decisions in cases heard last Saturday. Addie M. Warfield was denied a decree from her husband, Uriah J. Warfield, the costs were assessed against the plaintiff. Hannah Johnson, colored, was given a divorce from John Johnson upon payment of costs and was granted the custody of the three minor children and \$3 a week for their support.

## TO MAKE INQUIRY INTO PROCEDURE

Senate Foreign Relations Committee Will Try to Find How Peace Treaty Was Framed

SOURCES OF INFORMATION

Will Request Transcript of All Proceedings of Conference—To Call in Experts

**BULLETIN.**  
(By United Press.)

Washington, May 21.—American women won their first battle in their new proposal, when the house committee signed the federal constitution amendment. The vote was 304 to 88.

Washington, May 21.—Inquiries into the procedure by which the peace treaty with Germany was framed, is planned by members on the senate foreign relation committee, it was learned today.

Republican leaders on this committee, who said that they have known for some time of the dissatisfaction of some of the American mission in Paris regarding the peace treaty, said today they will first request a complete transcript of all proceedings of the peace conference, including the conversations of the Big Four if such is available.

Second, they will ask expert attaches to the mission to appear and explain how the Saar valley, Polish, Italian and other settlements were reached and on what principles the president yielded to obtain the allied sanction of the peace terms.

Third, they will ask members of the American mission, including President Wilson himself, to furnish details not procurable from the above sources.

The president revealed in his message yesterday that the emergency had passed beyond the point where the continued ban on wine and beer was at least unnecessary but that he had no power to release it without the congress's action. A bill to repeal the act has been prepared.

The president promised return of the railroads as well as the wire lines and advocated legislation which will make these instrumentalities a more uniform and cooperative system.

The railroads, it is said, he will return at the end of the calendar year, while the wire lines will be returned back as soon as it can be done.

It is not enough, in the president's opinion, merely to turn the railroad lines back to their owners. He has suggested a consolidation of railways under a regional system.

Director General Hines strongly advocates this course and is now advocating throughout the country compulsory consolidation of from twelve to twenty large competitive systems.

The house interstate commerce committee will begin gathering data on the railroad problem this week. The president counsels against any general revision of the present system but advocated perfection of a new American guide system.

## DR. D. H. DEAN ELECTED

Indianapolis, May 21.—Dr. W. Kennedy, Newensile was elected first vice-president of the Indiana institute of homeopathy at the closing session of the state convention of the homeopaths here today. Dr. D. H. Dean, of Rushville was named to the board of censors.

## EVANGELISM AS ANTIDOTE

St. Louis, May 21.—Evangelism as a means of eradicating Bolshevism and I. W. W.ism was advocated by the board of home missions in its report to the general assembly of the Presbyterian church today.

### PROVIDE CALF WITH SALT

Supply of Clean, Fresh Water, Always Available Is Another Simple Requisite.

By the time the dairy calf is old enough to eat roughage it should have either access to or small daily offerings of salt. Plenty of clean, fresh water, constantly available, is another simple and inexpensive requisite of good calf care that is too often neglected. Because a calf receives milk to drink is no reason why it does not require water. After the calf is two weeks old it needs water in small amounts at a time, though often.

### NEW MILK FOR YOUNG CALVES

They Should Have It for First Two Weeks and Gradually Be Weaned to Skim Milk.

Young calves ought to have new milk for the first two weeks of their lives, then they can gradually be weaned from new milk to skim milk, and at three or four weeks of age you can take the skim milk away from them by substituting a combination of grains and hay, or any other dry forage that they will consume. Then gradually teach them to eat whole grain, like oats and corn, and give this to them extra besides their porridge.

### CLOVER FOR EARLY PASTURE

Highly Valued by Dairymen as Substitute for Silage and for Green Feed in Spring.

(Prepared by the United States Department of Agriculture.)

Excepting rye, crimson clover is the earliest pasture available in the spring in the Middle Atlantic states from New Jersey to North Carolina. Crimson clover is grown mostly for soil improving and for hay.

Crimson clover pasture is especially valuable for hogs and sheep, which relish this clover quite as much as they do red clover and alfalfa. It is highly valued by dairymen as a substitute for silage and as a means of obtaining green feed very early in the season. Many dairymen pasture their cows on crimson clover in order to save their silage for dry spells during the summer. An average acre of crimson clover furnishes dry pasture for two or three cows and reduces the amount of silage that must be fed by about one-half.

Hogs, sheep and light cattle can be run on upland pastures throughout the winter and early spring, except when snow is on the ground. Heavy cattle must not be turned on the fields when the ground is soft, although crimson clover is not injured by tram-

Crimson Clover, Showing Most Advanced Stage of Ripening Which Is Allowable to Use for Hay.

pling as much as permanent blue grass sod. Crimson clover is not as likely to cause bloating as other clovers, but cattle, and especially young cattle, should not be allowed to graze when the clover is covered with frost.

### Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' spirit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only half of makin' Velvet. The agein' is the other half.

Thar's only one kind of agein' that gets th' right results—*Nature's own*. Nature's no clock watcher. She does a job *right* whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's just *right*.

It ain't been hurried none, or short-cutted. It's a Nature-done job.

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

### MRS. ANNA REED DIES TODAY

Former Rushville Woman Expires in Indianapolis Today

Word was received here today of the death of Mrs. Anna Reed, age 65, of Indianapolis, formerly a resident of this city, having moved there last summer. Death resulted at the Methodist hospital at 11:30 this morning from diabetes and Bright's disease. She was ill for more than a year. She is survived by three sons, George and John of Indianapolis and Duane formerly in the service. Mrs. Reed lived by herself during the time she was in Indianapolis.

### IT DEPENDS UPON ALLIES ATTITUDE

Continued from Page One

It is now believed it may be ready for signature at practically the same time as the German document. It is probable the Austrians will not be given any time over a week for discussion of the terms. In the normal course of events it is estimated that President Wilson be able to depart for the United States about June 7.

The Dutch delegation, invited to the peace conference to aid in the revision of the treaty of 1839, was in conference with the council of foreign ministers and Belgian representatives today. The following demands were made by Belgium:

1. Annulment of the clause of the treaty of 1839 binding them to perpetual neutrality. They pointed out that this failed to save them from invasion in 1914 and they insisted on the right now of making an alliance and to take further steps to protect themselves against further aggressions.

2. Revision of the clause which

cuts off Antwerp from the sea. They declared this clause gives Holland possession of the left bank of the Scheldt, prevented the feeding of Antwerp in 1914 and also resulted in interment of 30,000 Belgian soldiers who crossed into Dutch territory on the west bank.

3. Removal of the constant menace along the Belgian border created by the peninsula of Dutch Limburg, which runs down through Belgium. They pointed out this prevented them from holding the Meuse line in 1914.

### NO PROSPECT SEEN OF PRICES DROPPING

Most Local Merchants Believe That They Will Remain at Mark Set During War Times

#### DEMAND GREAT IS ONE REASON

In interviewing local merchants during the last few days, it is revealed that they do not think that there will be a reduction in prices of various commodities for some time, and in the opinion of a few, that there will be no reduction of prices, which will continue to stay at the mark set during war times.

One merchant pointed out that in his opinion there would be no reduction in prices as the demand at the present time was so great that it could not be easily handled. Al-

### MISS SAVANAH GORDON DIES

Sister of Local Man Expires at Age of 80 Years

Word was received here this morning of the death of Miss Savannah Gordon, age 80, of Connersville. Miss Gordon is the sister of Milton Gordon of this city. Death was due to kidney trouble, she having been ill for a period of three weeks. She is survived by one sister in addition to Mr. Gordon of this city. Mrs. Senenah Goddard of Colorado. The funeral services will be held tomorrow afternoon at two o'clock at the Lick Creek church in Fayette county and burial will be made in the cemetery there.

though a few wholesale prices have been reduced, it has and is not thought to be enough to affect the retail prices in the least. Grocer-

men say that there are many articles that are not easily to be obtained as the orders are sent in a long time before they can be filled. One hardware dealer stated today that many of the articles for the retail stores could not be had readily and many articles could not be bought. From all indications the fellow who is waiting for prices to come down before buying that new suit, buying lots to eat or building a new house will have a long wait ahead of him and probably will have a long wait ahead of him and probably will never have what he is looking forward to in this life.

#### Sells Old Postcards.

Mrs. Edwin Curd, widow of a former tobacco company official at Fulton, Mo., has found it a profitable bit of work to sell back to the government some postcards she happened to find in her husband's effects. The cards were of the issue of 1885, and the government paid her \$38.60 to redeem them.

## Mary Lamb Goes Begging.

If Mary's little lamb should be dressed today, it would furnish the average American his usual supply of lamb for more than ten years to come.

Figures obtained by the American Meat Packer's Association from government sources show that the yearly per capita consumption of mutton, including lamb and a negligible quantity of goat meat, has dropped from 8.1 to 5.3 pounds since 1900. This contrasts with a normal per capita consumption of nearly 30 pounds of mutton annually in the United Kingdom.

Despite the fact that a hungry world is clamoring for food, the American people refuse to recognize the possibilities of mutton, which is one of the most palatable meats when properly prepared.

Five cities—New York, Boston, Philadelphia, Washington and Chicago—take four-fifths of the dressed sheep and lambs placed on market in the United States, excluding the Pacific coast. California produces considerable mutton and eats still more.

A few New England towns buy more mutton than all of the Ohio and Mississippi valleys. New York City gobbles up more than 100,000 dressed sheep and lambs weekly, while Cincinnati is satisfied with less than half-a-thousand. Kansas City folds its napkin when 800 have been consumed, and St. Louis leaves the table after 1,000.

Explanation lies partly in the fact that most consumers do not know how to prepare many cuts of lamb and mutton, and some retailers do not know how to cut the dressed meat. Textile-manufacturing towns with a large proportion of Greek and Latin people are heavy mutton eaters.

## Public Ownership of Women

The bitterest enemy of the Republican could hardly accuse it of offering prudent matter for perusal.

Desiring the support of the substantial element among the people of the county we naturally do not offer the type of salacious material that would at once antagonize them. Secure therefore in the knowledge that our motive will not be misunderstood, we point without diffidence to a feature in the policy of the Russian soviet. In plain English, the proposal is to "nationalize women."

Official notice has been made that the "best and most beautiful" of the feminine sex have by an unjust principle been until, recently the property of a privileged class, but as this condition ceased to exist with the inauguration of the bolshevist regime steps will be taken whereby even the choicest samples are to be put to the use of the proletariat "not more than two or three times a week."

The military order commanding the selection of fifty girls and women of the bourgeois class for the use of the barracks is stale news by this nature have been promulgated at crowded meeting in Carnegie Hall, New York.

For the benefit of those who do not know, or knowing disregard these palatable items on the bolshevist menu it might be well to mention that over ten per cent of our population over the age of ten cannot read the English tongue. There are plenty of them who can read the communistic ravings of their own press. But the language of Uncle Sam, the language in which the highest democratic ideals find their position, the language in which presidential proclamations are delivered—all this is no more to them than Cretan or Kickapoo.

Let us give up kidding ourselves. This is not the America of George Washington, but we can restore it if we like.

## Give it in Time

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives **Foley's Honey and Tar** at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Schlarb, Ashland, Penn., writes: "Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."

F. B. JOHNSON

Speaking of immigration restriction, one set of enemy aliens can be bared out of this country without one objection being raised. We refer to the cooties.

Miss Columbia is happy now that she finds the handbag with the Monroe doctrine in it wasn't lost after all.

If Mexico decrees a ten mile dry zone all along her border, the wets will consider that Mexican insult has been added to U. S. injury.

## ADMIT PERJURY IN THE CIRCUIT COURT

Four Women and Two Men of Morristown Confess They Lied at Trial of Ray Heck

## ECHO OF CLOVER SEED THEFT

Admissions of Wife, Sister and Father of Heck and Others Taken Under Advisement

Shelbyville, Ind., May 21.—Declaring that he considers perjury one of the worst crimes in the country, Judge Blair yesterday afternoon took under advisement the extent of sentence that will be passed on Nellie Heck, Edna Heck, John Heck, Minnie Engle, Lizzie Martin and William Talbert, all of whom were charged with perjury. The six pleaded guilty to the charge this afternoon. The women told of the circumstances which led them to lie in order to save Ray Heck from prison.

Ray Heck and Jesse Wolf were taken to prison two weeks ago, being found guilty of perjuring themselves at a former trial for grand larceny, of which they were found guilty.

The trials of the other six, who were indicted at the same time, were set for the present term of court. Edna Heck, a sister-in-law of Ray Heck, however, confessed to the prosecutor last night, and all the defendants were called into court.

Edna Heck stated that she lied on the witness stand to save Ray Heck, because she loved her sister and her sister's children. She collapsed on the stand and had to be taken to her chair, where she pleaded with the judge for leniency.

Nellie Heck, wife of Ray Heck, stated that she lied because she thought that Noble Bassett, from whom Heck stole \$700 worth of clover seed, was trying to "get her husband," and that she knew nothing of the theft. She has eight children and stated that her home is heavily mortgaged.

John Heck, father of Ray Heck, Talbert and the other two women stated that they had been mistaken at the trial and believed they were testifying to the truth at the time.

Oscar Hall, who had been Heck's attorney at his trial, told the court that he considered Ray Heck a criminal of the lowest character, who would allow his wife and family to perjure themselves, to gain his freedom.

## WHAT WILL BECOME OF MARY SLOAN?

SHE is deserted, penniless and friendless. Where is she to turn for sympathy and help? What is to become of her and her baby?

Where is Mary Sloan to find a decent place to live while she is earning a living for herself and her child? Where is she to find a free clinic? A day nursery? A fresh air farm?

## WHAT YOU CAN DO FOR HER!

You can give direct practical help by contributing to the Salvation Army—which helps all who need help. The Salvation Army urgently needs \$13,000,000 for vital work for Mary Sloans and countless other unfortunates in the United States this year.

Send your contribution at once.

## The Supreme National Medium

It is the newspaper which, always supreme as a local medium, has become in the past decade the leading national advertising medium.

In every home, in every market, every day in the year, the newspaper is a fixed habit. It brings to every individual the news of the world as a whole, as well as the news of the daily life of the community.

Approximately \$375,000,000 is expended annually for newspaper advertising.

The newspaper is the only medium which reaches every consumer everywhere, every day. It can be employed city by city, section by section, or it can be used to cover a continent.

It comes nearest to that fundamental principle of successful merchandising—the bringing together of buyer and seller in the quickest and cheapest way.

That Royal Baking Powder makes delicious, appetizing food—unquestionably wholesome.

Some women, however, do not know that food made with cheaper baking powders, containing alum and phosphate compounds, is often inferior in taste and texture;—many of the highest food authorities have declared alum baking powders to be unwholesome and injurious.

The safe and sure way is to use

## ROYAL Baking Powder

Made from Cream of Tartar which is derived from grapes

Royal Contains No Alum—  
Leaves No Bitter Taste

## Amusements

### Theda Bara at Princess

"The She-Devil," starring Theda Bara, is the offering at the Princess theatre today. For the first time in her career, Theda Bara, the star in the new William Fox photodrama, "The She-Devil," took a ride recently in a stage coach—a ride she says she will never forget.

Miss Bara as Lolette, a Spanish girl, escapes from a bandit on horseback, intercepts the stage on its way to Seville and climbs aboard with the driver. Director J. Gordon Edwards, who filmed the photoplay, had selected a picturesque road for this scene. It started on top of a mountain and wound its way down to a valley. In descending, the coach gained unexpected momentum and soon was careening from side to side with Miss Bara holding on for dear life. At a turn one of the horses stumbled and for a moment it looked as if horses, stage coach, star and passengers would go over the side.

"My heart simply stopped beating," said Miss Bara after the ride was over. "It surely was an exciting experience. At times we were going so fast it took my breath away and when I set foot on the ground again, I sent up a prayer for my safe delivery. I should not want to do it over again."

Thursday Charles Ray in "The Sheriff's Son," will be shown.

### "A Night in Hong Kong"

Low Lewis and the Daisy Musical Girls company will be seen again at the Mystic theater tonight when they will offer "A Night in Hong Kong." The company pleased a large audience last night with the skit, "The Battle of Too Soon." In addition to the vaudeville tonight, Shorty Hamilton in "The Bogus Duke" and a Mack Sennett comedy, "A Touch of Rheumatism," both photoplays, will be shown.

BLUE FRONT

115 West Second St.

"A Little Off of Main, But It Pays to Walk"

The Pirate Bridge club will meet tomorrow afternoon at the home of Mrs. Robert Tompkins in East Seventh street.

Mrs. Ed Short will entertain the members of the Industrial club tomorrow afternoon at her home in West Second street.

The Marian Social circle will meet with Mrs. Thomas Kirk tomorrow afternoon at her home in West Third street. She will be assisted by Mrs. John Jordan.

Mrs. Charles Osman entertained the members of the Wednesday Afternoon sewing club this afternoon at her home in West First street. The guests enjoyed the afternoon over needlework at the close of which the hostess served a light luncheon.

The members of the Ladies Aid Society of the First Presbyterian church was entertained at the home of Mrs. H. H. Elliott in North Harrison street yesterday afternoon. After a short business session the remainder of the afternoon was devoted to the regular program and social hour.

About seventy-five couples attended the dance last evening given under the auspices of the Elk's Lodge in the Modern Appliance building in West Third street. An orchestra from Milton furnished the music. The proceeds of the evening were given for the benefit of the Salvation Army fund.

Mrs. Russell Skipton entertained the Psi loty Xi sorority last evening at her home in North Sexton street. The evening was devoted to discussing many business plans, at the close of which dainty refreshments were served. Two guests were present, Miss Lucia Fitch of

Spades, Ind., and Mrs. Allen Messick of Marion.

Mrs. Richard Burns entertained last Friday evening with a six o'clock chicken dinner, honoring her nephew, Dan Honley, who has just returned from overseas. The table was adorned with a bouquet of carnations where covers were laid for Mr. and Mrs. William Higgs, Mrs. Agnes Rasor and daughter Roselle and John Richards of Greensburg.

Mr. and Mrs. John Ellerman entertained at dinner Sunday. Mr. and Mrs. George Eckert and sons Adrain and Jesse of Gings, Mr. and Mrs. Melford Johnson and daughters Inez, Allen and Lavonne of Raleigh, Mr. and Mrs. Jesse Drake and daughter Zella, Mrs. Ola Ellerman of Connersville and Dan Drake of Glenwood. The occasion was Mr. Drake's sixty-eighth birthday.

Mrs. William Higgs entertained a number of friends with a pitch-in dinner Sunday at her home in West Second street. The centerpiece for the table was a bouquet of carnations and covers were placed for Mr. and Mrs. Ed Short, Mrs. Ambrose Gohring, Mr. and Mrs. Fred Arbuckle, Mrs. John Richards and family of Greensburg and Mrs. Charles Sturgis also of Greensburg.

Miss Lois Reeve was hostess for a prettily appointed dinner party last evening at her home in North Main street. The table was attractively decorated with a French basket of spring flowers and covers were laid for the Misses Dorothy Sparks, Dorothy Malno and Katherine Wyatt and Howard Stiers, Alfred Norris, Hubert Alexander and Royden Friends. The evening was spent in dancing.

Mrs. Raymond C. Hargrove, Mrs. E. B. Poundstone and Mrs. Rhoda Olfitt were on the program at the annual district meeting of the Woman's Home Missionary society, which opened in Connersville yesterday afternoon and was to continue until this afternoon. Visitors from here at last night's sessions included Mrs. Anna Marlatt, Mrs. V. C. Bodine, Miss Gene Thomas, Miss Elsie Bohannon and Miss Anna Poundstone.

### "A Man May Be Down But He's Never Out"

By BERT MOSES

The Salvation Army has expenses to pay in carrying on its beautiful work and it is surely a shame to civilization that much of its resources must be solicited a penny at a time—pieces of copper tossed into a tambourine.

Now the people of the United States of America have undertaken to raise a decent fund for these good people to use in making the world better, and Rush County's portion is only \$3,000—about 15c apiece if each inhabitant contributes.

But most of us can give more than 15c.

Some of us can give a quarter, some a half dollar, some a dollar, some five dollars, and I know quite a number in Rush County who could contribute anywhere from \$10 to \$100 without making a dent in their bank balances.

The Elks Lodge in Rushville has charge of this local campaign for funds for the Salvation Army.

You can make your contributions there, and the more you give, the more will your own conscience pat you on your own back, and the more will you do toward good health, good morals and good citizenship.

This money is to be used in this country, and God knows there is much to be done here right now to discourage the rising tide of pending disorder and lawlessness that is sweeping toward us from over the seas.

### MANY DESERVING CASES IN COUNTY

Continued from Page One  
might some time give him trouble from riding in a machine every day.

Dewey Grigsby of Richland township who was wounded in action on August 10, 1918, and his brother, James Grigsby, who was discharged at a camp in the United States because of physical defects, both decided to apply for vocational training before they finished their conference with the government agent yesterday afternoon.

There are known to be other Rush county soldiers who are entitled to compensation and vocational training because of a big percent of disability and they are urged to see Mrs. Jones in regard to their applications at once.

## SIZE OF FLOCK IS TO BE CONSIDERED

Mrs. J. W. Hall Points She Has Only  
150 Hens Whereas O. C. Macey Apparently Has at Least 300

THINKS HER AVERAGE IS GOOD

The controversy over egg production in Rush county grows apace. Mrs. J. W. Hall of near Gings started the argument when she announced that she gathered on the average of eighty eggs a day. O. C. Macey of Manilla, R. R. 2, answered her claims by showing that the egg production on his farm was far in excess of Mrs. Hall. The latter now points out that considering the size of the flock, her record is just as good as Mr. Macey's, who evidently, according to Mrs. Hall, has at least 300 hens because he mentions that he gathered 213 eggs in one day. Not every hen lays every day, it is recalled, so that an allowance must be made for the hens not laying. Mrs. Hall says she has only 150 hens and thinks her average of eighty eggs a day is very good.

James Newhouse of near Morris-town, formerly of this city, has made a good record in egg production. During the first four months of this year he has sold 585 dozen eggs at an average price of 55 cents a dozen. His total production during the four months was 7732, divided by months as follows: January, 125 hens, 210 dozen; February, 125 hens, 183 dozen; March, 125 hens, 193 dozen; April, 160 hens, 186 dozen.

## RECEIVES A NEW PROMOTION

George B. Jones, Former Local Physician, Made Lieutenant-Colonel

Word was received here this morning from Mrs. George B. Jones of Indianapolis to the effect that her husband has received another promotion while with the A. E. F. He was promoted from Major in the Medical Corps to that of Lieutenant Colonel. Dr. Osborn, formerly of Glenwood also holds this rank, which is the highest held by any Rush county men.

## In Indianapolis Monday For Speech

William Jennings Bryan

Mr. Bryan has been heard by admiring thousands scores of times in Indianapolis. He is coming again to Indianapolis on Monday next—this time under the auspices of the Anti-Saloon League of America, and will deliver two addresses in Tomlinson Hall—one at 2:00 p. m., the other at 8:00 p. m. Accompanying Mr. Bryan's party will be a group of representative men from Great Britain who are making a tour of the United States studying the economic effect of prohibition in America. Several of these men will be heard at both these meetings. In the party will also be Howard H. Russell, the founder of the Anti-Saloon League. The Bryan party is one of seven different parties touring the nation and visiting the capital of every state in the union in two weeks—all of which are to meet in Washington, D. C., June 4, 5, and 6, where a world prohibition convention will be held in the Billy Sunday Tabernacle, re-christened the Liberty Hut. Delegates to this convention will be present from 50 different countries. Admission to the

# Real People

HAT'S what the doughboys called the Salvation Army workers on the battle-fields and back of the lines in France.

They were "real people" to the soldier because they were just like the folks back home, with hands accustomed to work and eyes always ready to smile.

And now these same "real people," back from the war with new laurels, have built their trenches in the Streets of Poverty in America. They will wage the fight for the poor and unfortunate at home, just as they have done for years, only on a larger scale.

The Salvation Army conducts Rescue Homes—Day Nurseries—Homes for the Helpless Aged—Fresh Air Farms—Free Clinics.

It is going to extend this service wherever Misery and Poverty exist. It must continue to reach down and lift up the men, women and children who have fallen.

## TO GIVE PROGRAM OF PHYSICAL EXERCISES

Pupils of Grade Schools Will Give  
Demonstration in Annex Friday Afternoon

MARJORIE SMITH DIRECTOR

A series of "setting up" exercises, singing games, and folk dances will be given by the pupils of the grade schools, under the direction of Miss Marjorie Smith, director of physical education in the grades, Friday afternoon at 2:15 o'clock at the Graham Annex gymnasium. This work has been introduced this year. Miss Smith has visited the different buildings on Friday afternoons and has given directions and outlines to the teachers for daily work. The patrons are urged to see this demonstration.

The program follows:  
Second grade—floor work exercises  
Singing Game, "Let Your Hands Clap, Clap," No. 1—Havens.  
Singing Game, "Here We Go Round the Mulberry Tree," No. 1—Annex.  
Third Grade, Floor work exercises.  
Folk Dance, "Hansel and Gretel," No. 1—Jackson.  
Folk Dance, "How D'ye Do, My Partner," No. 2—Havens.  
Sixth Grade—Floor work exercises.  
Singing Game, "Lads and Lassies," No. 2—Annex.  
Fifth Grade, floor work exercises.  
Folk Dance—"I See You," No. 2—Jackson.  
Fourth Grade, Wand Drill.

BURR OAK CAMP No. 3548

M. W. of A., meets each Thursday evening at 8:30 o'clock, at corner of Third and Morgan Streets. Members of other Camps always welcome to attend these meetings. Referendum vote on new rates will be held the evening of May 29, 1919.  
Theodore Saunders, Consul.  
May 8-14-21-28. J. P. Stech, Clerk.

## VOCATIONAL WORKERS HOLD CONFERENCE

Discuss Work Accomplished Along These Lines and Prospects for The Future

MEET AT PURDUE UNIVERSITY.

Lafayette, Ind., May 21—Vocational, home economics and recreation workers were to discuss the work accomplished along these lines and the prospects of the future at the conference which opened here today. The meetings are being held at Purdue University under the direction of the extension department of Purdue and the state board of vocational education. The meetings will continue through Friday.

Men and women of national and state experience will address the assembly. Dean J. H. Skinner of Purdue was to talk first on the relations of the university to vocational education. Other speakers include Miss Bertha Latta, state supervisor of Home Economics; J. G. Collicott state director of vocational education; L. N. Hines state superintendent of public instruction; W. E. Stone, president of Purdue; Anna B. Cowles state leader of girls club work; J. A. Linkle of the federal board of vocational education; O. H. Benson national club leader of Washington, D. C. C. F. McIntyre member of the federal board.

## Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

## HUGE ORGAN WILL FURNISH MUSIC FOR METHODIST CENTENARY CELEBRATION

SHIMMERING, pulsating strings; liquid, sparkling flutes; broad, dignified diapasons; militant, exultant trumpets and reeds from the plaintive vox humana; the contemplative orchestral oboe; the ringing French horn and the quaint clarinet to the massive, compelling sonority of the great 32-foot bombard and its accompanying battery of brilliant tubas, comprise the four divisions of the huge organ which is being installed in the Coliseum at the exposition grounds for the Methodist Centenary celebration to be held in Columbus, June 20 to July 13.

The organ is being built under the direct supervision of W. J. Kraft, director of music at Columbia University, by Moller of Hagerstown, Md. It will cost about \$50,000.

"The instrument compares favorably with the largest organs now in use," said Professor Kraft. "It is much larger than the municipal organ at Portland, Me. The organ has 98 stops, having as subdivision great, swell, choir, solo and echo. It will have the divisions of woodwind, brass, strings, harp and chimes. It is my purpose to invite some of the leading organists of the world to come to the celebration and give recitals."

Mr. Moller, builder of the organ, said: "I know of no organ in the country which has the power or so many modern appliances as that being built for the Centenary celebration. It will probably hold the record for being the largest organ used for any religious gathering."

There are three separate blowing plants, requiring 25 horse-power, with centrifugal electric blowers and generators. The console is movable, being connected with the organ by a flexible cable, located immediately in front of the stage at the west end of the auditorium. The organ covers a floor space of 900 square feet and weighs approximately eight tons. The blowers furnish 6,300 cubic feet of air per minute. Twenty-one miles of wire have been installed. The pipes range from three-quarters of an inch in length to 32 feet.

In planning the accompaniment for congregational singing in an auditorium seating 10,000 people, the committee in charge of the preparatory

work saw that an orchestra would be ineffective, and that nothing would be so peculiarly in keeping with the religious motive underlying the whole movement as the resonance power, beauty and spiritual uplift which would result from the use of an organ. This organ will furnish accompaniment of great mixed choruses rang-

WILLIAM A. KRAFT

Of Columbia University, who has Charge of All Music at the Centenary Celebration.

ing from 500 to 1,500 voices, which will have part in the Centenary Celebration. The work of installing its mechanism already is started and the terms of the contract call for completion by May 1.

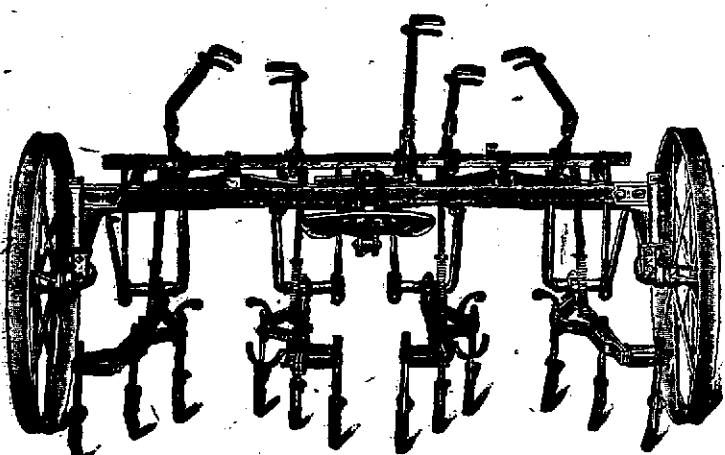

Professor Kraft has invited some of the leading organists of the United States to display their skill on this organ during the progress of the Centenary.

## WANTED

EVERY HOG RAISER IN RUSH COUNTY to know that we have plenty of pure potent Thorntown serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anybody that has used it. Every one who has vaccinating done wants the best serum he can buy, and this is guaranteed to give satisfaction.

See or Call RALPH H. MILES, office over Rushville National Bank. Phone 2084 or Raleigh phone.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

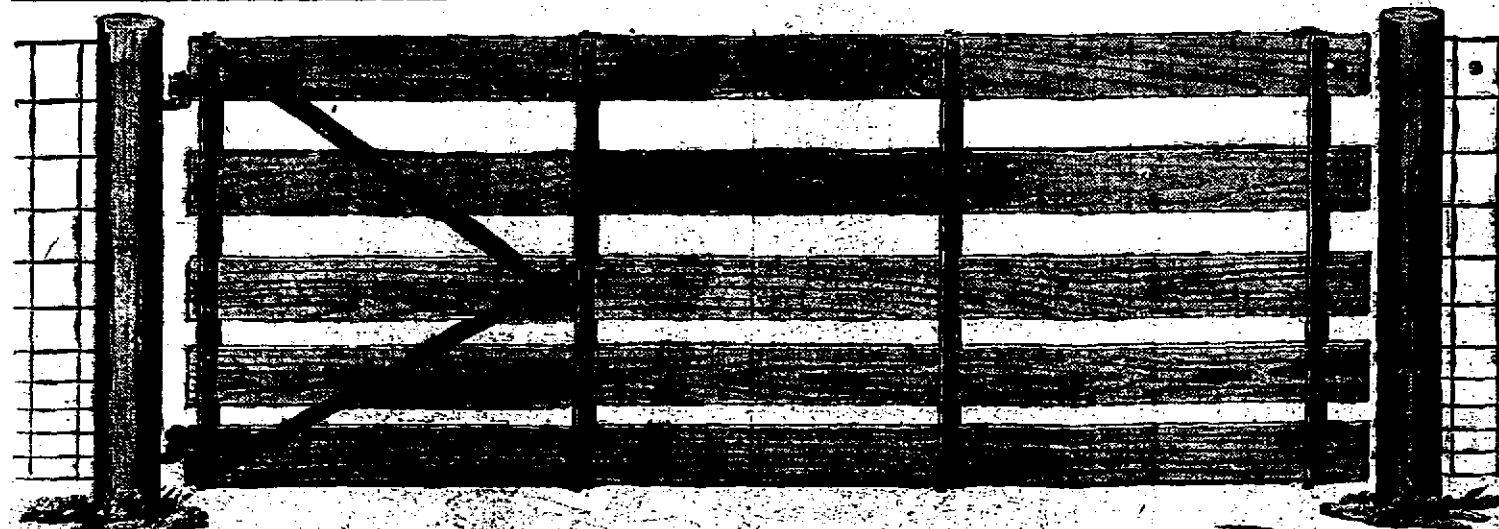

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

MABEL DUNLAP CURRY TO SPEAK THURSDAY

Teachers of City Are Bringing Noted Woman Here For Lecture at Graham High School

SPEAKS WITH CLEAR LOGIC

The teachers of the Rushville Public Schools will present to the public Thursday evening at the assembly room in the high school building, Mrs. Mabel Dunlap Curry, of Terre Haute, a speaker with a message for the times.

Mrs. Curry is a woman of rare beauty and culture. She speaks with clear-cut and convincing logic, interspersed with a fund of rich humor which captivates her audiences. Mrs. Curry has appeared upon the chautauqua platforms at Rochester, Ind., Shelbyville, Ill., Bay View, and many other places. In every place she was accorded among the best appearing there.

The teachers of the city have brought several speakers of worth and prominence to our city at different times. Those who heard Dr. Thos. R. White declared that he gave one of the best talks on "the war. Mrs. Curry comes with a message of woman's place and influence as a citizen. There should be a large attendance at this lecture. The admission is free but anyone wishing to assist will please leave a

silver offering at the door. The expense of securing this lecture is considerable and the teachers have been meeting these expenses personally.

OPENED HEARING TODAY

Railroad Administration Hears Case on Increase in Rates.

Indianapolis, Ind., May 21.—The federal railroad administration today opened a hearing in Indianapolis on the proposed increase in rates on interstate cement shipments. The hearing was held in the Supreme Court room under direction of the Chicago Eastern, St. Louis Eastern and Cincinnati committees of the railroad administration.

To the present high freight rates on this commodity is attributed by Governor Goodrich the delay in road construction under the state highway law. As a result of the rates now in effect, he has intimated that he will construct a million dollars cement plant on the penal farm—or buy one that is already operating near Greencastle.

Cultivators

THE OLIVER ONE AND TWO ROW

You will not find any neck weight on the Oliver Cultivators. The close, direct hitch is one of the main features that makes the two-row the lightest draft on the market. The gangs are eagle claw and are short and do not extend back of the wheels. The shovels work directly under the frame, which eliminates the neck weight and makes it the lightest draft two-row on the market. For sale by

## Ugly, Unsightly Pimples Are Signals of Bad Blood

### Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood puri-

fier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

## SOME DEALERS NOT COLLECTING TAXES

Bureau of Internal Revenue States  
Purchaser Must Pay Those on  
Soft Drinks.

MISTAKES ARE BEING MADE.

Ice Cream Sold by Religious Organizations and at Church Socials is Not Taxable.

Inquiries received by the Internal Revenue and Collectors indicate a misunderstanding on the part of not only the public, but dealers themselves regarding the tax on soft drinks, which became effective May 1. Reports reaching the Bureau are that some dealers are not collecting the tax while others are charging extra pennies for drinks which are not taxable. To correct these mistakes the Bureau has issued the following statement relating to the collection of the tax:

The tax is one cent for each ten cents or fraction thereof on the amount paid at soda fountains, ice cream parlors or similar places of business on soft drinks, ice cream, ice-cream sundae, "or similar articles of food or drink when sold for consumption in or in proximity to such place of business." The purchaser can not escape the tax by stepping outside of the place where sold to consume his soft drink or ice cream. Ice cream in cones is taxable, because sold under conditions which indicate that it is to be consumed "in or in proximity to the place of business." When ice cream is sold under conditions which indicate that it would usually be consumed in or in proximity to the premises, the fact that the purchaser does not consume it there but carries it away, does not render it free from the tax. Ice cream sold in boxes and ice cream sodas or other soft drinks sold in pitchers or buckets for home consumption are exempt.

Sales of soft drinks, ice cream and similar articles of food and drink in hotels, restaurants, cafeterias and club houses are not taxable unless sold separate and apart from meals. If ice cream or soft drink is the only refreshment ordered in such places the tax applies. Such sales at soda fountains are taxable even though sold as part of a meal.

In general such beverages commonly known as soft drinks which are compounded or mixed at a soda fountain are subject to the tax. Illustrative of these are orangeade, lemonade, pineapple juice, coco co-

# Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric was	\$18.50, now	\$15.75
30x30½	Goodyear, Non Skid, Fabric was	\$23.50, now	\$20.00
32x3½	Goodyear, Non Skid, Fabric was	\$27.45, now	\$23.35
31x4	Goodyear, Non Skid, Fabric was	\$36.65, now	\$31.25
32x4	Goodyear, Non Skid, Fabric was	\$37.40, now	\$31.85
33x4	Goodyear, Non Skid, Fabric was	\$39.25, now	\$33.35
34x4	Goodyear, Non Skid, Fabric was	\$40.10, now	\$34.10
30x3½	Goodyear Cord was	\$38.70, now	\$24.55
32x4	Goodyear Cord was	\$52.65, now	\$44.65
34x4	Goodyear Cord was	\$55.50, now	\$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

Work Guaranteed.

Prices Reasonable.
